

## Exam III:- General Information

*(This is the Final Exam)*

- 1. Active from 9am on Saturday, May 2<sup>nd</sup> , through 11:59pm on Sunday, May 3<sup>rd</sup>**  
*You have 140 minutes to complete it once you log in and start it, so make sure you pick a time in which you can devote this amount of time ... with that said the Exam should easily be completed in ~40 minutes. Once you start the clock starts and if you log out it continues to run.*
- 2. This exam has a number of Thermodynamic Questions so make sure before hand you know how to access the Tables in Owl.**
- 3. The Exam is open book so you may use whatever resources available to you ... other than communicating with fellow students, we are on the honor system in regards to that.**
- 4. In so far as it was possible I tried to follow the Quiz format.**  
**22 Questions all taken from the Mastery section of the following:-**  
  
18.2, 18.4  
19.2, 19.3  
24.1, 24.2, 24.3, 24.4 and 24.5Final
